Acknowledgments

I did not expect updating a Python book five years later to be such a major undertaking, but it was. Marta Mello, my beloved wife, was always there when I needed her. My dear friend Leonardo Rochaël helped me from the earliest writing to the final technical review, including consolidating and double-checking the feedback from the other tech reviewers, readers, and editors. I honestly don't know if I'd have made it without your support, Marta and Leo. Thank you so much!

Using Code Examples

Every script and most code snippets that appear in the book are available in the Fluent Python code repository on GitHub at <https://fpy.li/code>.

If you have a technical question or a problem using the code examples, please send email to bookquestions@oreilly.com.

This book is here to help you get your job done. In general, if example code is offered with this book, you may use it in your programs and documentation. You do not need to contact us for permission unless you're reproducing a significant portion of the code. For example, writing a program that uses several chunks of code from this book does not require permission. Selling or distributing examples from O'Reilly books does require permission. Answering a question by citing this book and quoting example code does not require permission. Incorporating a significant amount of example code from this book into your product's documentation does require permission.

We appreciate, but generally do not require, attribution. An attribution usually includes the title, author, publisher, and ISBN, e.g., “*Fluent Python*, 2nd ed., by Luciano Ramalho (O'Reilly). Copyright 2022 Luciano Ramalho, 978-1-492-05635-5.”

If you feel your use of code examples falls outside fair use or the permission given above, feel free to contact us at permissions@oreilly.com.
